² Survey Methodology

OpenTable partnered with YouGov on April 13 – 14, 2022 to survey 1,255 adults (aged 18+) online within the U.S., of whom 635 indicated they would probably or definitely celebrate Mother's Day this year. The figures have been weighted and are representative of all U.S. adults (aged 18+).

³ OpenTable Data Methodology

OpenTable surveyed 12,006 diners across the US and Canada from March 21 - March 22, 2022.

⁴ 100 Best Brunch Spots in America Methodology

OpenTable's 100 Best Brunch Spots in America list is generated from over 12.9 million verified OpenTable diner reviews collected between March 1, 2021 - February 28, 2022. All restaurants with a minimum "overall" score and number of qualifying reviews were included for consideration. The overall score is made up of unique data points, such as overall diner rating, user klout, total number of reviews, and regional overall rating. Qualifying restaurants were then scored and sorted according to the percentage of reviews, for which "good for brunch" was selected as a special feature.
