All Stockholders are cordially invited to attend the meeting in person. Whether or not you expect to attend the meeting, please complete, date, sign and return the enclosed proxy as promptly as possible to ensure your representation at the meeting. A return envelope (which is postage prepaid if mailed in the United States) is enclosed for that purpose. Even if you have given your proxy, you may still vote in person if you attend the meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain from the record holder a proxy issued in your name.
General

The enclosed proxy is solicited on behalf of the Board of Directors of priceline.com Incorporated ("we," "priceline.com" or the "Company") for use at the Annual Meeting of Stockholders to be held on Thursday, June 1, 2006, at 2:00 p.m. local time (the "Annual Meeting"), or at any adjournment or postponement of this meeting, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting. We intend to mail this proxy statement and accompanying proxy card on or about May 4, 2006 to all stockholders entitled to vote at the Annual Meeting.

Solicitation

We will pay for the entire cost of proxy solicitations, including preparation, assembly, printing and mailing of proxy solicitation materials. We will provide copies of solicitation materials to banks, brokerage houses, fiduciaries and custodians holding in their names shares of priceline.com common stock beneficially owned by others to forward these materials to the beneficial owners of common stock. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials. Directors, officers or other regular employees of ours may also solicit proxies by telephone, telegram or in-person. We will not additionally compensate directors, officers or other regular employees for these services.

Voting Rights and Outstanding Shares; Approval

Only stockholders of record at the close of business on April 20, 2006 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 20, 2006, 39,692,674 shares of common stock were outstanding and entitled to vote. Each holder of record of common stock on April 20, 2006 will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

The inspector of election appointed for the meeting will tabulate all votes and will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Stockholders who are present at the Annual Meeting in person or by proxy and who abstain and proxies relating to shares held in "street name" that are not voted (referred to as "broker non-votes") will be treated as present for purposes of determining whether a quorum is present. Abstentions will have the same effect as votes against the proposals and broker non-votes will not be counted for any purpose in determining whether the proposals have been approved. A majority of the outstanding shares of common stock, present in person or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

The nominees for election to the Board of Directors who receive the greatest number of votes cast for the election of Directors by the shares of common stock present, in person or by proxy, and entitled to vote at the Annual Meeting shall be elected Directors. Holders of common stock are not allowed to cumulate their votes in the election of Directors. The affirmative vote of the holders of a majority of the shares present, in person or represented by proxy, and entitled to vote at the Annual Meeting will be required to ratify the selection of Deloitte & Touche LLP. The Board of Directors recommends a vote FOR each of the Board of Director's nominees and FOR ratification of Deloitte & Touche LLP as the Company's independent registered public accounting firm.
Revocability of Proxies

Any person giving a proxy in response to this solicitation has the power to revoke it at any time before it is voted. Proxies may be revoked by any of the following actions:

• filing a written notice of revocation with our Corporate Secretary at our principal executive office (800 Connecticut Avenue, Norwalk, Connecticut 06854);

• filing with our Corporate Secretary at our principal executive office (800 Connecticut Avenue, Norwalk, Connecticut 06854) a properly executed proxy showing a later date; or

• attending the meeting and voting in person (attendance at the meeting will not, by itself, revoke a proxy). Please note that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain from the record holder a proxy issued in your name.

Stockholder Proposals

Stockholders who, in accordance with SEC’s Rule 14a-8, wish to present proposals for inclusion in the proxy materials to be distributed by us in connection with our 2007 Annual meeting must submit their proposals to our Secretary on or before January 4, 2007.

In order for proposals to be properly brought before the 2007 Annual Meeting in accordance with our By-laws (and not pursuant to SEC’s Rule 14a-8), a stockholder’s notice of the matter the stockholder wishes to present must be delivered to our Secretary not less than 60 nor more than 90 days prior to the first anniversary of the date of this year’s Annual Meeting. As a result, any notice given by or on behalf of a stockholder pursuant to these provisions of our By-laws (and not pursuant to SEC’s Rule 14a-8) must be received no earlier than March 3, 2007 and no later than April 2, 2007.

Proposal 1

Election of Directors

In accordance with the Company’s Bylaws, the Board of Directors has fixed the number of Directors constituting the entire Board of Directors at nine. The Board of Directors has proposed that the following nine nominees be elected at the Annual Meeting, each of whom will hold office until his or her successor has been elected and qualified: Jeffery H. Boyd, Ralph M. Bahna, Howard W. Barker, Jr., Jeffrey E. Epstein, James M. Guyette, Dominic Kai Ming Lai, Nancy B. Peretsman, Craig W. Rydin and Ian F. Wade. Unless otherwise instructed, it is the intention of the persons named as proxies on the accompanying proxy card to vote shares represented by properly executed proxies for such nominees. Although the Board of Directors anticipates that the nine nominees will be available to serve as Directors of the Company, if any of them should be unwilling or unable to serve, it is intended that the proxies will be voted for the election of such substitute nominee or nominees as may be designated by the Board of Directors. If elected at the Annual Meeting, each of the nominees would serve until the 2007 annual meeting and until his or her successor is elected and has qualified, or until his or her earlier death, resignation or removal. Each person nominated for election has agreed to serve if elected. Management has no reason to believe that any nominee will be unable to serve.

The nominees for election to the Board of Directors who receive the greatest number of votes cast for the election of Directors by the shares of common stock present, in person or by proxy, shall be elected Directors. The stock price used for valuing such shares was $22.32, the closing market price of the Company’s unrestricted common stock on December 30, 2005. If dividends are paid on other outstanding shares of the Company’s common stock, accumulated dividends would be paid on the restricted common stock, either at the time of payment of the dividend or at the time that all restrictions on such restricted common stock had lapsed, subject to the discretion of the Compensation Committee. The shares of restricted common stock vest as follows, subject to accelerated vesting in certain circumstances, including, without limitation, upon a “change in control” of the Company:

Boyd  10,000 shares of the restricted common stock vested on February 28, 2006. 12,500 shares of the restricted common stock vest on May 7, 2006 and 2007. 40,000 shares of the restricted common stock vest on February 28, 2008.

Mylod  9,000 shares of the restricted common stock vested on February 28, 2006. 8,333 shares of the restricted common stock vest on May 7, 2006 and 8,334 shares of the restricted common stock vest on May 7, 2007. 18,000 shares of the restricted common stock vest on February 28, 2008.

For Mr. Boyd, for years 2004 and 2005, these figures also include the value of legal services provided to Mr. Boyd and reimbursed by the Company pursuant to the terms of his original employment agreement in connection with the re-negotiation of that agreement and the execution of a new employment agreement in February 2005.

There were no grants of stock options during the fiscal year ended December 31, 2005 to the named executive officers. Other

On November 1, 2000, we were served with a complaint that purported to be a shareholder derivative action against our Board of Directors and certain of our current and former executive officers, as well as priceline.com (as a nominal defendant). The complaint alleged breach of fiduciary duty and waste of corporate assets. The action is captioned Mark Zimmerman v. Richard Braddock, J. Walker, D. Schulman, P. Allaire, R. Bahna, P. Blackney, W. Ford, M.
Employment Contracts, Termination of Employment and Change-in-Control Arrangements

The Company has employment agreements with each of the named executive officers. The agreements are of varying duration and generally provide for minimum annual base salaries. In addition, most of the agreements provide that each executive will be eligible to participate at a level commensurate with his position in the Company’s annual bonus and long-term compensation plans generally made available to the Company’s senior executives, and to participate in all benefit plans and arrangements and fringe benefits and perquisite programs generally provided to comparable senior executives of the Company.

Mr. Boyd

Termination without “Cause” or for “Good Reason” (No “Change in Control”). In the event of a termination of Mr. Boyd’s employment by the Company without “Cause” (as defined in the agreement with Mr. Boyd) or by Mr. Boyd for “Good Reason” (as defined in the agreement), in either case other than during the three-year period following a “Change in Control” of the Company (as defined in the agreement), then Mr. Boyd will be entitled to receive, in addition to his compensation accrued through the date of termination of employment, the following severance compensation and benefits:

1. two times his base salary and target bonus, if any, paid over a 24-month period following his termination of employment (which, after giving effect to the 2006 salary increase described above, would be approximately $1,650,000);

2. if a bonus plan is in place, a pro-rata target annual bonus for the year in which termination of employment occurs (which, after giving effect to the 2006 salary increase described above and assuming a termination on the last day of the calendar year, would be approximately $325,000);

3. continuation for two years following termination of employment of group health, life and disability insurance benefits as if Mr. Boyd were an employee of the Company;

4. the portion of any outstanding Company stock options held by Mr. Boyd that would have otherwise vested with the passage of time during the one-year period following his termination of employment had he remained employed with the Company will be immediately vested, and each outstanding vested Company stock option held by Mr. Boyd will remain exercisable until the earlier of eighteen months following the date of termination of employment or the expiration of the option’s original term; and

5. each outstanding grant of restricted stock held by Mr. Boyd will deemed to be vested on a pro-rata basis based on the time of the applicable restricted period that has elapsed through the date of his termination of employment, but only to the extent that this would result in a greater number of shares of Company common stock vesting than would otherwise apply under the existing terms of the restricted stock grant.
The Internal Revenue Code of 1986, as amended.

Alternative payment arrangements should any installment payments of severance result in the imposition of additional income tax pursuant to Section 409A of the Internal Revenue Code, the Company will make an additional cash gross-up payment to the executive in an amount such that such executive will be in the same after-tax economic position as if such excise tax were not imposed. The agreement with Mr. Boyd also provides for certain alternative payment arrangements should any installment payments of severance result in the imposition of additional income tax pursuant to Section 4999 of the Internal Revenue Code, and Mr. Boyd becomes liable for any excise tax imposed under Section 4999 of the Internal Revenue Code, the Company will make an additional cash gross-up payment to him in an amount such that Mr. Boyd will be in the same after-tax economic position as if such excise tax were not imposed. The agreement with Mr. Boyd provides that the options to acquire 266,666 shares of the Company's common stock that were granted in May 2001 will expire eighteen months after the termination of Mr. Boyd's employment as a result of his death or disability, termination by the Company without "Cause," termination by Mr. Boyd for "Good Reason" or the Company's failure to extend the term of the employment agreement (or 90 days after termination of Mr. Boyd's employment as a result of a termination by the Company for "Cause," termination by Mr. Boyd without "Good Reason" or Mr. Boyd's failure to extend the term of the employment agreement), but in no event later than May 25, 2011.

Other. Mr. Boyd's employment agreement includes certain non-compete, non-solicitation and non-disparagement provisions. In addition, subject to certain limitations, if severance remuneration payable under the agreement is held to constitute an "excess parachute payment" under Section 280G of the Internal Revenue Code and Mr. Boyd becomes liable for any excise tax imposed under Section 4999 of the Internal Revenue Code, the Company will make an additional cash gross-up payment to him in an amount such that Mr. Boyd will be in the same after-tax economic position as if such excise tax were not imposed. The agreement with Mr. Boyd also provides for certain alternative payment arrangements should any installment payments of severance result in the imposition of additional income tax pursuant to Section 409A of the Internal Revenue Code of 1986, as amended.

Messrs. Mylod, Rose, Soder and Millones

Termination without "Cause" or for "Good Reason". In the event of a termination of such executive's employment by the Company without "Cause" (as defined in the respective agreement with the executive) or by such executive for "Good Reason" (as defined in the respective agreement), then such executive will be entitled to receive, among other things, in addition to his compensation accrued through the date of termination of employment, the following severance compensation and benefits:

1. two times his base salary and target bonus, if any, paid over a 12-month period following his termination of employment (which, after giving effect to the 2006 salary increases described above, would be approximately $1,200,000 for Mr. Mylod, $781,318 for Mr. Rose, $900,000 for Mr. Soder and $715,000 for Mr. Millones);

2. if a bonus plan is in place, a pro-rata target annual bonus for the year in which termination of employment occurs (which, after giving effect to the 2006 salary increases described above and assuming a termination on the last day of the calendar year, would be approximately $200,000 for Mr. Mylod, $90,152 for Mr. Rose, $150,000 for Mr. Soder and $82,500 for Mr. Millones); and

3. continuation for one year following termination of employment of group health, life and disability insurance benefits as if he were an employee of the Company, provided that, if such termination is after a "Change in Control" (as the term is defined in each such agreement) the period of benefit continuation will be twenty-four months.

Equity. Agreements with Messrs. Mylod, Rose, Soder and Millones provide for the accelerated vesting of shares of restricted common stock and "performance shares" granted to each such executive in February 2005 and 2006 in the event of a "Change in Control" of the Company. In addition, pursuant to the terms of the grant of 33,333 shares of restricted common stock granted to Mr. Mylod in May 2003, the vesting of those shares will accelerate upon, among other things, a termination without "Cause" or termination for "Good Reason." The agreements with Messrs. Mylod and Rose also provide an eighteen (18) month period to exercise, in the case of Mr. Mylod, 83,333 fully vested stock options with an exercise price of $14.62, and, in the case of Mr. Rose, 45,833 fully vested stock options with an exercise price of $9.18, in the event of, among other things, a termination without "Cause," for "Good Reason," or in connection with a "Change of Control."

Other. Subject to certain limitations, if severance remuneration payable under the agreements with Messrs. Mylod, Rose, Soder and/or Millones is held to constitute an "excess parachute payment" under Section 280G of the Internal Revenue Code and such executive becomes liable for any excise tax imposed under Section 4999 of the Internal Revenue Code, the Company will make an additional cash gross-up payment to the executive in an amount such that such executive will be in the same after-tax economic position as if such excise tax were not imposed. The agreement with Messrs. Soder and Millones also provides for certain alternative payment arrangements should any installment payments of severance result in the imposition of additional income tax pursuant to Section 409A of the Internal Revenue Code of 1986, as amended.
The Company has three primary equity compensation plans: the 1997 Omnibus Plan, the 1999 Omnibus Plan, as amended, and the 2000 Employee Stock Option Plan (together, the “Plans”). The Company no longer issues equity awards under the 2000 Employee Stock Option Plan. Under the terms of each of the Plans, the Compensation Committee of the Board of Directors is granted broad authority to, among other things, grant equity awards and determine the terms, conditions and restrictions relating to those equity awards. All stock options granted under the 2000 Employee Stock Option Plan provide for accelerated vesting in the event of a Change in Control (as defined in the 2000 Employee Stock Option Plan) and certain equity awards granted under the 1997 Omnibus Plan and 1999 Omnibus Plan, as amended, provide for the accelerated vesting of those equity awards in the event of a Change in Control (as defined in the relevant plan).

Compensation Committee Interlocks and Insider Participation

As noted above, the Compensation Committee is comprised of three non-employee directors: Messrs. Epstein, Guyette and Rydin. No member of the Compensation Committee is or was formerly an officer or an employee of the Company. No interlocking relationship exists between the Board of Directors or Compensation Committee and the board of directors or the compensation committee of any other company, nor has such interlocking relationship existed in the past.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

We constitute the Compensation Committee of the Board of Directors of priceline.com Incorporated. The Compensation Committee’s membership is determined by the Board of Directors and is composed entirely of non-employee directors who are “independent,” as determined by the Board of Directors, within the meaning of the applicable requirements of the NASDAQ Stock Market. We are responsible for, among other things, setting, or recommending to the Board of Directors for determination, the salary of the Company’s Chief Executive Officer, and reviewing and approving the compensation of all other “executive officers” of the Company. The specific duties and responsibilities of the Compensation Committee are described in the charter of the Compensation Committee, which is available in the Investor Relations section of the Company’s website (www.priceline.com) under the Corporate Governance tab.

The Compensation Committee meets at scheduled times during the year, and it also considers and takes actions by written consent. The Chairman of the Compensation Committee reports on committee actions and recommendations at meetings of the Board of Directors. The Company’s Legal and Human Resources Departments support the Compensation Committee in its work and in some cases act pursuant to delegated authority to fulfill various functions in administering priceline.com’s compensation programs. In addition, the Compensation Committee has the authority to engage the services of outside advisers, experts and others to assist the Compensation Committee. The Compensation Committee held six meetings during 2005.

Compensation Philosophy and Objectives

The goals of priceline.com’s compensation program are to align compensation with priceline.com’s and each executive’s business objectives and performance and to enable priceline.com to attract, retain and reward executive officers and other key employees who contribute to priceline.com’s long-term success and to motivate them to enhance long-term stockholder value. Priceline.com’s compensation emphasizes equity-based incentive compensation and a bonus program tied to the company’s financial performance, rather than high levels of fixed cash compensation.

2005 Process Overview.

Starting in the fourth quarter of 2004, we worked with Mercer Human Resource Consulting (“Mercer”), an outside compensation consultant, and the Company’s management to evaluate the Company’s existing compensation program and design a compensation program for 2005. We started by working with Mercer to assemble a suitable group of peer companies against which the Company’s compensation program for its executive officers could be compared. We assembled a peer group of eighteen companies, primarily Internet services, travel services and e-commerce companies, and compared the Company’s executive compensation program to that peer group. Throughout the fourth quarter of 2004 and the first quarter of 2005, the Compensation Committee met with Mercer and certain members of management to review, discuss and analyze the data and recommendations provided by Mercer and to discuss other relevant issues. Based on its own review of the results and in consultation with management and Mercer, in February 2005, the Compensation Committee implemented a 2005 compensation program for the Company’s executive officers. In early 2006, the Compensation Committee reviewed the Company’s performance in 2005 against goals established by the 2005 Bonus Plan (see below) and determined, among other things, the cash bonus to be paid to the Company’s executives officers, including the Chief Executive Officer.

Compensation Components

The three major components of the Company’s compensation program are based on salary, cash incentive compensation and long-term equity compensation.

Base Salary. When reviewing base salaries, we consider the following factors: base salaries for comparable positions of the peer group described above, individual performance against goals, levels of responsibility, breadth of knowledge and prior experience. The relative importance of these factors varies, depending on the individual whose salary is being reviewed.

Bonuses. In January 2005, we approved, and recommended to the Board of Directors for adoption, the priceline.com 2005 cash bonus plan (the “2005 Bonus Plan”) which was applicable to all of the Company’s U.S. employees, including its executive officers. The 2005 Bonus Plan established a potential bonus pool for the payment of year-end cash bonuses to employees based primarily on the Company’s 2005 financial performance. Subject to the exception described below, the bonus pool would fund only if the Company achieved double-digit, year-over-year “pro forma” net income per share growth. As priceline.com met and exceeded the pre-established targets, an increasing percentage of the 2005 bonus pool would fund. Based on the terms of the bonus plan, the bonus pool would fund first for the Company’s employees and then, only when higher earnings targets were achieved by the Company, for the Company’s senior executives. Approximately one-sixth of the
Under the terms of the 2005 Bonus Plan, if and when the bonus pool funded, each participant would be eligible to receive a discretionary bonus based upon individually established performance goals. In the case of the Company’s Chief Executive Officer, the individual performance goals were established by the Compensation Committee and the Board of Directors and largely reflected the Company’s overall 2005 objectives; in the case of the Company’s executive officers, the individual performance goals were established by the Chief Executive Officer and reviewed by the Compensation Committee. Each participating employee had a bonus target expressed as a percentage of base salary. 2005 bonus targets for executive officers, including the Chief Executive Officer, ranged from 30% to 65% of base salary. However, under the terms of the 2005 Bonus Plan, we retained significant flexibility to determine final bonus amounts and, therefore, under the terms we established in January 2005, an individual’s target bonus could be adjusted (upward or downward) based on the extent to which specific management objectives were achieved (e.g., growing priceline.com’s hotel business, improving customer satisfaction, etc.), which included both financial and non-financial criteria. The types and relative importance of the non-financial objectives varied among priceline.com’s executives depending upon their positions and the particular operations or functions for which they were responsible.

We met early in 2006 to review the Company’s 2005 financial performance and, based on that performance, approve the overall size of the bonus pool. The Company’s 2005 financial performance exceeded most, but not all, of the pro forma net income per share targets we had established at the beginning of the year. As a result, the bonus pool was fully funded for all employees, except for certain of the Company’s executive officers, for whom the bonus pool was substantially funded.

The Company’s senior management then developed individual bonus recommendations, within the limits of amounts allocated to the pool, based on an evaluation of each executive’s individual performance and contribution to the business. Bonuses were paid to our five most highly paid executive officers as shown in the Summary Compensation Table in this proxy statement. We reviewed and approved the bonus amounts paid to each of the Company’s executive officers. Despite what we believe was a very strong year for priceline.com, the Company’s domestic earnings growth fell short of the performance required to fully fund the bonus pool at the highest levels. As a result, the named executive officers received 2005 bonuses that were approximately 16% to 40% lower than the bonuses they received for 2004.

Bonuses under the 2005 Bonus Plan were paid to the Company’s employees in February 2005, with the exception of the Company’s executive officers, who were paid their bonuses in March 2005, after the Company filed its Form 10-K with the Securities and Exchange Commission and satisfied its obligations for 2005 under Section 404 of the Sarbanes-Oxley Act of 2002.

Restricted Stock. In certain instances, we make restricted stock grants to employees to provide strong incentives for continued superior services. We believe that grants of restricted stock are effective incentives for our superior performers to remain with the Company and provide incentives even during periods of volatility in our share price. In January 2005, we authorized a broad-based grant of restricted stock to the Company’s employees in connection with the Company’s annual 2005 compensation program. As a general matter, the shares of restricted stock vest pro rata on each of the first four anniversaries of the date of grant. The shares of restricted stock issued to the Company’s Chief Executive Officer and Chief Financial Officer vest on the third anniversary of the date of grant. The shares of restricted stock provide for accelerated vesting in the event of, among other things, a “change in control.”

In addition, we made a separate grant of restricted stock to certain executive officers, in exchange for which these executive officers agreed, among other things, not to engage in competitive activities or to interfere with priceline.com’s business relations for a specified period of time following the termination of their employment. Senior executives had not historically been asked to sign noncompetition agreements and, based on our review of market practices and the departure of the Company’s Chief Operating Officer during 2004 to work for one of the Company’s competitors, we thought it was prudent to secure agreements from certain of the Company’s key executives, including Mr. Boyd, the Company’s Chief Executive Officer. The shares of restricted common stock granted in exchange for the key executive’s agreements vested on February 28, 2006, one year after the date of grant.

Restricted Stock Units. In connection with the July 2005 acquisition of Bookings B.V., the Compensation Committee authorized the Company to issue restricted stock units to certain employees of Bookings. The restricted stock units are substantially similar to grants of restricted stock authorized by the Company. We authorized the issuance of restricted stock units to certain of our Netherlands-based employees because restricted stock units had more beneficial tax consequences for the employees under Dutch law than did the issuance of restricted stock. The restricted stock units vest on each of three anniversaries of the date of grant. The restricted stock units provide for accelerated vesting in the event of, among other things, a “change in control.” From time to time, the Company expects to continue to issue restricted stock units to Netherlands-based employees.

Stock Options. Priceline.com’s stock option plans are designed to provide its employees and directors with an incentive that aligns their interests with those of priceline.com’s stockholders in achieving the Company’s long-term goals. Stock options require priceline.com stock price appreciation in order for the employees or executives to realize any benefit, thus more directly aligning their interests with the interests of stockholders. Stock options under the option plans generally vest over a three-year period and expire ten years from the date of grant. The exercise price of options granted under the plans is the fair market value of the Company’s common stock on the date of grant.

Stock Ownership Guidelines

The Company does not have formal stock ownership guidelines for its executive officers. However, in February 2005, the Company’s Chief Executive Officer and Chief Financial Officer voluntarily agreed to hold 200,000 and 100,000 shares, respectively, of priceline.com common stock and/or vested stock options, as long as they were employed by the Company.

Personal Benefits or Perquisites

The Company does not maintain any material perquisites or personal benefits for senior executives, such as company cars or country club memberships. The Company’s health care and other insurance programs are the same for all eligible employees, including executive officers.
Compensation. Mr. Boyd’s 2005 base salary was increased from $300,380 in 2004 to $400,000, effective February 1, 2005. We also paid Mr. Boyd a 2005 cash bonus of $250,000. In addition, in February 2005, we granted Mr. Boyd 50,000 shares of restricted common stock. Ten thousand of the shares of restricted common stock, which vested on February 28, 2006, the first anniversary of the date of grant, were granted to Mr. Boyd in exchange for his agreement not to engage in competitive activities or to interfere with priceline.com’s business relations for a specified period of time following the termination of his employment. The remaining 40,000 shares of restricted common stock granted to Mr. Boyd vest on the third anniversary of the date of grant, subject to certain accelerated vesting provisions described more fully in the section entitled “Employment Contracts, Termination of Employment and Change-in-Control Arrangements” above.

The following tally sheet below summarizes the components of Mr. Boyd’s 2005 compensation:

(a) On February 1, 2005, Mr. Boyd was granted 50,000 shares of restricted common stock, none of which were vested on the date of grant. The stock price used for valuing the grant was $22.40, the closing market price of the Company’s common stock on February 1, 2005. Ten thousand of the shares granted to Mr. Boyd were in consideration for Mr. Boyd’s agreeing to certain restrictive covenants, including a non-compete.

(b) Benefit amounts reflect annual premiums paid by the Company for the benefits listed below.

We considered this level of pay, bonus and long-term equity incentives appropriate given the Company’s success under Mr. Boyd’s leadership. In fiscal 2005, the Company’s performance was very strong. The Company grew gross profit and operating income in 2005 by approximately 35% and 18%, respectively. In addition, priceline.com had $2.2 billion in gross travel bookings in 2005 — a 32% increase over 2004; gross travel bookings have grown an average of 42% over the last two fiscal years. Gross travel bookings refer to the total dollar value, inclusive of all taxes and fees, of all travel services purchased by consumers. At the same time, the Company integrated the September 2004 acquisition of U.K.-based Active Hotels Ltd. and consummated the July 2005 acquisition of Amsterdam-based Bookings B.V., giving the company one of the largest and fastest growing on-line hotel businesses in Europe.

Prior to 2005, Mr. Boyd’s base salary had been low in the competitive range for the peer group of companies described above and, based in part on recommendations by Mercer, we increased Mr. Boyd’s base salary in 2005. Notwithstanding the Company’s very strong 2005 performance described above, Mr. Boyd’s 2005 bonus was approximately 16% lower than his 2004 bonus because, as described above, the Company did not achieve all of the pro forma net income per share targets in the 2005 bonus plan.

The Compensation Committee continues to agree with Mr. Boyd that executive compensation in general, and Mr. Boyd’s compensation in particular, should be aligned closely with shareholder interests by making equity a very material portion of their compensation and requiring portions to be held for significant periods of time. More than half of Mr. Boyd’s 2005 compensation is in the form of restricted common stock which, subject to accelerated vesting provisions in his employment agreement in the event of a termination or change in control, can not be sold until 2008 (excluding the ten thousand shares granted to Mr. Boyd in consideration for the non-compete described above).

In conclusion, we consider Mr. Boyd’s total compensation appropriate given the Company’s strong business growth over the past few years and the relative compensation of the chief executive officers of the peer companies described above.
Employment Agreement. In 2005, together with Mercer and outside counsel retained to work with the Compensation Committee, we conducted a review of Mr. Boyd’s employment agreement, which had not been reviewed by the Compensation Committee or materially modified since December 2001, when Mr. Boyd was the Company’s Chief Operating Officer. We reviewed, among other things, marketplace practices in the area of executive severance, including a review of the total compensation and benefits that would be payable to Mr. Boyd in the event of a separation from employment, including one that followed a Change in Control. We also considered the potential impact of Section 280G of the Internal Revenue Code (which relates to “excess parachute payments”) on the Company’s severance obligations under various change in control scenarios. After consideration of these and other factors, we authorized the Company to execute an employment agreement with Mr. Boyd with those terms described in the section entitled “Employment Contracts, Termination of Employment and Change-in-Control Arrangements” above.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of $1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a public company will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Compensation Committee’s primary objective in designing and administering the Company’s compensation policies is to support and encourage the achievement of the Company’s long-term strategic goals and to enhance stockholder value. When consistent with this compensation philosophy, the Compensation Committee also intends to structure the Company’s compensation programs such that compensation paid thereunder will be tax deductible by the Company. The Compensation Committee believes that stockholder interests are best served by not restricting the Compensation Committee’s discretion and flexibility in crafting compensation programs, even though such programs may result in certain non-deductible compensation expenses. Accordingly, the Compensation Committee has approved, and may in the future approve, compensation arrangements for executive officers that are not fully deductible. For 2005, it is anticipated that there will be no material amounts that will not be deductible for federal income tax purposes due to the application of Section 162(m).

Proposal 2

Ratification of Selection of Independent Registered Public Accounting Firm

We have selected Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2006. We are submitting our selection of independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Deloitte & Touche LLP has audited our financial statements since July 1997. We expect that representatives of Deloitte & Touche LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they wish and will be available to respond to appropriate questions.

The Company’s Bylaws do not require that the stockholders ratify the selection of our independent registered public accounting firm. However, we are submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Board of Directors and the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Board of Directors and the Audit Committee in their discretion may change the appointment at any time during the year, if we determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the outstanding shares present, in person or represented by proxy, and entitled to vote at the Annual Meeting will be required to ratify the selection of Deloitte & Touche LLP. The Board of Directors recommends a vote FOR Proposal 2.

Report of the Audit Committee of the Board of Directors

The Audit Committee has the responsibility to, among other things, oversee and review the preparation of the Company’s consolidated financial statements, the Company’s system of internal controls and the qualifications, independence and performance of its independent registered public accounting firm. The Audit Committee has the sole authority and responsibility to select, evaluate and, when appropriate, replace the Company’s independent registered public accounting firm. The specific duties and responsibilities of the Audit Committee are described in the charter of the Audit Committee, which is available in the Investor Relations section of the Company’s website (www.priceline.com) under the Corporate Governance tab. Each member of the Audit Committee is an independent director as determined by priceline.com’s Board of Directors, based on the NASDAQ Stock Market’s listing rules. Each member of the committee also satisfies the Securities and Exchange Commission’s additional independence requirements for members of audit committees. In addition, the Company’s Board of Directors has determined that Howard W. Barker, Jr. is an “audit committee financial expert,” as defined by SEC rules.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of the consolidated financial statements in accordance with generally accepted accounting principles. The independent auditors are responsible for performing an independent audit of the Company’s consolidated financial statements and internal control over financial reporting in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The Audit Committee’s responsibility is to oversee and review these processes. The Audit Committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance or professional opinion as to the sufficiency of the external audits, whether the Company’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles or on the effectiveness of the system of internal control.

The Audit Committee met nine times in 2005.

Review and Discussions with Management

The Audit Committee has reviewed and discussed priceline.com’s audited financial statements for the three years ended December 31, 2005 with management.

Review and Discussions with Independent Accountants

The Audit Committee has discussed with Deloitte & Touche LLP, priceline.com’s independent registered public accounting firm, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards) which includes, among other items, matters related to the conduct of the audit of priceline.com’s financial statements.

The Audit Committee has also received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee) and has discussed with Deloitte & Touche LLP its independence with respect to priceline.com. In addition, the Audit Committee has considered whether Deloitte & Touche LLP’s provision of non-audit services is compatible with maintaining their independence. The Audit Committee’s meetings include, whenever appropriate, executive sessions with Deloitte & Touche LLP without the presence of the Company’s management.

Conclusion

Based on the review and discussions referred to above, and the Audit Committee’s review of the representations of management and the report of the independent registered public accounting firm, the Audit Committee recommended to priceline.com’s Board of Directors that priceline.com’s audited financial statements and management’s assessment of internal control over financial reporting be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2005.

Report of the Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is comprised of three “independent” Directors (as determined by priceline.com’s Board of Directors, based on the rules of the NASDAQ Stock Market, Inc.) and operates pursuant to a written charter which is available on the Investor Relations/Corporate Governance section of priceline.com’s Web site located at www.priceline.com. The Nominating and Corporate Governance Committee’s primary purposes are to: (a) identify individuals believed to be qualified to become members of the Board of Directors, consistent with criteria approved by the Board of Directors, and to select, or recommend to the Board of Directors, the nominees to stand for election as directors at the annual meeting of stockholders; (b) identify members of the Board of Directors qualified to fill vacancies on any committee of the Board of Directors (including the Nominating and Corporate Governance Committee) and to recommend that the Board of Directors appoint the identified member or members to the respective committee; (c) assess whether candidates to join the Board of Directors would be “independent” under the rules of the NASDAQ Stock Market, Inc.; (d) establish procedures to receive prompt notification of changes in a director’s circumstances that may affect his or her qualifications or independence as a director and review such information and make recommendations as deemed appropriate; (e) develop and recommend to the Board of Directors a set of corporate governance principles applicable to the Company, and to review and consider the effectiveness of those principles at least once a year; (f) review, at least annually, priceline.com’s Code of Business Conduct and Ethics and, if appropriate, make recommendations to the Board of Directors of suggested modifications or changes; and (g) assist management in the preparation of the disclosure in priceline.com’s proxy statement regarding the operations of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee held four meetings during 2005. The Nominating and Corporate Governance Committee approved and recommended to the Board of Directors the nine director nominees currently standing for re-election at the Annual Meeting.

In 2006, the Nominating and Corporate Governance Committee conducted an evaluation of its own performance during 2005, as is required annually by the Nominating and Corporate Governance Committee Charter, and designed and oversaw a self-evaluation of the Board of Directors and the Compensation and Audit Committees. The Nominating and Corporate Governance Committee also reviewed both the long-term and emergency succession plans for the Chief Executive Officer.

In 2005, the Nominating and Corporate Governance Committee reviewed priceline.com’s Corporate Governance Principles and the Nominating and Corporate Governance Committee’s Charter, and recommended to the Board of Directors that no amendments be made to these documents at such time. Each of these documents is available on the Investor Relations/Corporate Governance section of priceline.com’s Web site located at http://www.priceline.com.
The Nominating and Corporate Governance Committee recommended to the Board of Directors, and the Board of Directors determined that each of Ralph M. Bahna, Howard W. Barker, Jr., Jeffrey E. Epstein, James M. Guyette and Craig W. Rydin is “independent” within the meaning of the rules of the NASDAQ Stock Market, Inc. and, in the case of the Audit Committee members, the rules of the Securities and Exchange Commission as well.

During 2005, the Nominating and Corporate Governance Committee performed all of its duties and responsibilities under the Nominating and Corporate Governance Committee Charter.

Statement of Corporate Governance

The Company monitors developments in the area of corporate governance and reviews its processes and procedures in light of such developments. As part of those efforts, the Company reviews new federal laws affecting corporate governance, such as the Sarbanes-Oxley Act of 2002, as well as rules adopted by the SEC and the NASDAQ Stock Market. The Company implements other corporate governance practices that it believes are in the best interest of the Company and its stockholders. The Company’s corporate governance principles, Code of Business Conduct and Ethics and the charters for the Audit, Compensation and Nominating and Corporate Governance Committees are available on the Investor Relations/Corporate Governance section of priceline.com’s Web site located at www.priceline.com.

Five members of the Company’s Board of Directors, representing a majority of directors nominated for re-election, are “independent,” as determined by priceline.com’s Board of Directors, based on the NASDAQ Stock Market’s listing rules. The independent directors conduct at least two regularly scheduled executive sessions each year. Each member of the Audit, Compensation and Nominating and Corporate Governance Committees is “independent” within the meaning of the rules of the SEC and the NASDAQ Stock Market. The charter of each Committee conforms to the applicable NASDAQ Stock Market standards, and each committee periodically reviews its charter, as regulatory developments and business circumstances warrant. Each of the committees may from time to time consider revisions to their respective charters to reflect evolving best practices.

The Company has adopted a Code of Business Conduct and Ethics and requires all employees to adhere to the Code of Business Conduct and Ethics in discharging their work-related responsibilities. In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures to receive, retain and treat complaints received by the Company regarding accounting, internal controls or auditing matters, and to allow for the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters. A description of these procedures is available on the Investor Relations/Corporate Governance section of priceline.com’s Web site located at www.priceline.com. Stockholders may contact any of the Company’s directors, a committee of the Board of Directors, the Board of Directors’ non-employee directors as a group, or the Board of Directors as a whole by writing to them c/o Office of the General Counsel, priceline.com Incorporated, 800 Connecticut Avenue, Norwalk, Connecticut 06854. Communications received in this manner will be handled in accordance with procedures developed and approved by a majority of the Company’s “independent” directors.

The Nominating and Corporate Governance Committee identifies, evaluates and recommends director candidates to the Board of Directors. In identifying and recommending nominees for positions on the Board of Directors, the Nominating and Corporate Governance Committee places primary emphasis on the criteria set forth under “Selection of Directors — Nominations and Appointments” in our Corporate Governance Principles, namely: (i) highest personal and professional ethics and integrity; (ii) relevant business, professional or managerial skills and experience (including team-building and communication skills) useful to the oversight of the Company’s business; (iii) demonstrated leadership skills through involvement in business, professional, charitable or civic affairs; (iv) current knowledge and contacts in the communities in which the Company does business and in the Company’s industry or other industries relevant to the Company’s business; (v) ability and willingness to commit adequate time to fulfilling Board and committee duties and responsibilities; (vi) ability and willingness to exercise independent judgment, ask probing questions and express tough opinions; (vii) the fit of the individual’s expertise, skills, knowledge, experience and personality with those of other directors and potential directors in building a Board of Directors that is effective, collegial and responsive to the needs of the Company; and (viii) diversity of viewpoints, backgrounds, experiences and other demographics.

The Nominating and Corporate Governance Committee does not set specific, minimum qualifications that nominees must meet in order for the committee to recommend them to the Board of Directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account the needs of priceline.com and the composition of the Board of Directors. Members of the Nominating and Corporate Governance Committee discuss and evaluate possible candidates in detail, and suggest individuals to explore in more depth. Outside consultants may also be employed to help in identifying candidates. Once a candidate is identified whom the committee wants to seriously consider and move toward nomination, the Chairperson of the Nominating and Corporate Governance Committee, or his or her designee, enters into a discussion with that nominee. The Nominating and Corporate Governance Committee will consider nominees recommended by stockholders. The policy adopted by the Nominating and Corporate Governance Committee provides that nominees recommended by stockholders are given appropriate consideration in the same manner as other nominees. Stockholders who wish to submit nominees for director for consideration by the Nominating and Corporate Governance Committee for election at our 2007 Annual Meeting of stockholders may do so by submitting in writing such nominees’ names, in compliance with the procedures and along with the other information required by our By-laws, to the Secretary of our Board of Directors, c/o Office of the General Counsel, priceline.com Incorporated, 800 Connecticut Avenue, Norwalk, Connecticut, no earlier than March 3, 2006 and no later than April 2, 2006.
